## **FOR IMMEDIATE RELEASE**

### **Make Room on the Shelves! Power On Technologies Nominated for More Awards**

RAYTOWN, MO (February 21, 2008) — Power On Technologies — Kansas City's premier supplier of office equipment, including copiers, digital imaging products and multi-functional printers — is in the running for two more high-profile awards. In addition to being honored as a top 25 Under 25<sup>®</sup> employer by the *Kansas City Small Business Monthly Magazine*, Power On has been nominated for a 2008 Heart of America Ethics in Business Award and is a candidate for the 2008 Kansas City Chamber of Commerce Small Business of the Year.

"We are so thrilled to have our hard work and commitment to the community be recognized through nominations for these prestigious awards," says Patrick Searcy, owner of Power On Technologies. "We're up against some stiff competition and look forward to learning the recipients of the awards in the coming months."

The Heart of America Ethics in Business Award recognizes companies that have successfully integrated ethical business and social responsibility into everyday decision-making. Nominees will be honored at a reception on April 17, 2008, where the winner of the award will be announced.

Each year the Kansas City Chamber of Commerce recognizes small businesses with its Small Business of the Year Awards. The celebration entails several events from March through May when the recipients are honored.

Power On Technologies specializes in delivering high-performance office equipment products for a variety of applications and platforms. In addition to carrying NEC equipment, Power On is the longest tenured authorized Kyocera/Copystar dealer in the Kansas City area. Community involvement is a core value for Power On. Many of its clients are non-profits, and the staff all participate in philanthropic activities. For more information visit [www.thinkpoweron.com](http://www.thinkpoweron.com) or call 816.737.2900.
